# Sponsorship Opportunities

The 2024 Women's Leadership Forum is a celebration of women.

It aims to provide strategies for personal growth and is designed for anyone who wants to succeed in their chosen path. The event shines a light on the important strategic position women play in the region's economy and will act as a conduit for higher representation of female leadership across our community.

Our diverse and unique speakers will share their stories of how they pioneered in their field, overcame gender inequality and adversity and became inspiring mentors for women all over the world.

The 2023 edition was a sold out event.

98% of attendees reported that the event was very relatable and inspirational and they had benefited personally and professionally from attending.
