Have you ever thought about starting your own business?

Enrol for NEIS today and obtain your Certificate III in Small Business Management.

NEIS is a Government funded program which supports people wanting to start a new business. Anyone who is over 18 years old can apply.

With so much uncertainty about the spread and impact of the coronavirus COVID-19, we are increasing the availability of our online NEIS training. Now more than ever, people need the right support to start a business in any market conditions and get the expert advice they need to make it sustainable.

BUSINESS TRAINING

Three weeks of accredited business training and assistance in completing a business plan and financial projections.

MENTORING

12 months of mentoring with a qualified business advisor who can guide you through the first year of running your business.

FINANCIAL SUPPORT

9 months of financial support to assist people with covering their expenses. (only available to people currently receiving an eligible Centrelink benefit).
